

## Wine Tasting

This is a fun team based event that provides a great leading to a celebratory evening meal. An ideal ending to a team meeting, away day or conference event.

The wine tasting starts with a light-hearted introduction to the art of wine tasting...in other words spit or swallow! We quickly move onto the wine tasting itself with participants working in small teams 3, 4 or 5 per team is ideal – trying each wine in turn.

The format of the wine tasting is that of a typical "pub quiz" with each group having a limited time to taste and decide upon their answers for each wine. There are typically four rounds reds, quick fire wine quiz, whites, and match the price with the wine.

We select good quality wines representing major grape varieties and wine producing regions from around the world. All wines tasted are readily available from good wine merchants so if you have a particular favourite you'll be able to easily get hold a case or two! We keep up the pace to maintain fun the laughter and noise, as the tasting progresses, reflects this!

At the end of the wine tasting, we quickly score up and award prizes to the top scoring teams this could involve participants selecting a favourite wine from all those tasted or select from a number of novelty wine tasting prizes such as corkscrews.

The wine tasting typically lasts about an hour and a half. All wines are provided and, perhaps uniquely to our wine tasting event, we allow all guests to choose how much (or how little) they want of each wine. No mean pre-pouring here! You can even have a bit more of a wine that particularly takes your fancy.

The wine tasting event is ideal to follow one of our other team building events. How about a Treasure Hunt followed by a wine tasting event? We can put out some of the wine clues on the Treasure Hunt. The team that collects the most clue cards will be well placed when we move on to the wine tasting!
